Sallop is very excited for the opportunity to work together with AAB to bring a new product offering to its individual members. Coverage will be available for members acting as High Complexity Laboratory Director (HCLD), Technical Supervisor (TS), Public Health Laboratory Director (PHLD), Embryology Laboratory Director (ELD), Andrology Laboratory Director (ALD), and Bioanalyst Clinical Laboratory Director (BCLD).

Members of National Independent Laboratory Association (NILA) will have access to competitive pricing for all lines of coverage usual to the laboratories.

Sallop Insurance Inc. has been developing a sub-specialty of risk mitigation and underwriting expertise since 1949. Sallop has influenced insurance practices in the area of miscellaneous healthcare programs including but not limited to practices and laboratories involved in ART, Organ and Tissue Procurement and other Emerging Healthcare Technologies.
