

SCALE

Synergistic Cooperative
for ART Laboratory Excellence

CRB
COLLEGE OF
REPRODUCTIVE BIOLOGY

What is SCALE?

SCALE aims to foster synergy among local embryology and reproductive biology associations, enhancing their connection and amplifying their voice from local to national levels.

Goal

01

Facilitate Joint Consensus

Strengthens a unified voice that can influence policy and practice on a broader scale.

Goal

02

Joint Advocacy & Outreach

Ensure local voices are heard effectively at the national level and have prompt access to local representatives to address issues.

Goal

03

Innovative Education

Avoid repetitive topics at conferences, spotlighting top speakers from the CRB Symposium and ASRM conferences at local meetings, while providing Continuing Education Units (CEUs).

Goal

04

Address Local Needs

Identify and escalate local issues to national SRBT and CRB platforms for broader support.
