

Insurance Program for Laboratory Directors & Embryologists Involved in Reproductive Medicine

Sallop Insurance Inc. is an industry leader in crafting insurance coverage for various Miscellaneous Healthcare Facilities, particularly in the field of **Reproductive Medicine**. Sallop understands the unique exposures of the ART industry, and the evolving risks and services that are provided. We know how significant the work you do is, and if you are involved in a claim you need to have comprehensive insurance to supply sufficient funds for defense and settlement (up to the policy limits), so that you do not suffer a large financial loss.

Sallop has created a **Professional Liability** policy tailored to the unique exposures and risks associated with the ART community. The **Professional Liability** is designed to cover claims alleging negligence in the rendering of, or the failure to render professional services for the work being done in the lab.
