

## Pledge of Personal Ethics, Confidentiality, and Originality of Material

### READ THESE STATEMENTS CAREFULLY

I agree that the material included here is strictly **CONFIDENTIAL**. It may **NOT** be communicated, transmitted or reproduced by any means - whether orally, electronically, or in writing - except for purposes consistent within the examination development or administration process.

I authored the questions that I submitted to the American Board of Bioanalysis (ABB)/AAB Board of Registry (ABOR), in connection with this project. The questions submitted are original and were not taken or copied from another examination, copyrighted work, study guide, manual, or website without permission.

Unless otherwise noted, any photographs, images, or graphic designs that I provided for this project are my own original material, or if reprinted from a work that belongs to another person or entity, such materials are being reprinted with permission (please attach contact information for the source of copyright permission and printed copy of permission document).

If I submit one or more photographs, images, or graphic designs for which I do not have a copyright release, but that I believe will be useful, I agree to include the source/contact information for such photographs, images, or graphic designs. I further agree to identify such materials as being unoriginal and agree to inform ABB/ABOR that I do not have a copyright release for such photographs, images, or graphic designs as applicable.

I agree to abide by these statements:
