

Environmental Biology and Public Health Section

AAB's **Environmental Biology and Public Health (EBPH) Section** is a special interest group for individuals who have an active interest in the field of environmental biology and public health.

Who can join: Any AAB member in good standing. There are **no** additional dues for joining the EBPH Section.

Objectives:

- ◆ Workshops, meetings, and review courses.
- ◆ Representation before legislative and regulatory bodies.
- ◆ Management and administrative information for environmental and public health laboratories.
- ◆ Networking with other laboratorians, industrial hygienists, public health officials, government regulators and researchers who are interested in microbiological contamination of air, water and food.

YES, I want to join AAB's Environmental Biology and Public Health Section.
